Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 9, 11-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 11 line 2 “ gutter an” is improper. Should it be “ gutter and”?

Claim 12 “ including any of said curvatures” is indefinite. The language is confusing in scope.

Claim 13 lines 1-4 are indefinite. The step of drilling should be the last action/step. The claimed language does not set forth the correct sequence of actions.

Allowable Subject Matter

3. Claim 9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
4. Claims 10-13 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
5. The following is a statement of reasons for the indication of allowable subject matter: prior art does not show the method step of lowering the assembled grating into the gutter to be substantially flush with the deck in combination with other claimed method steps.

Art Unit: 3637

Response to Arguments

Applicant's arguments with respect to claims 9-13 have been considered but are moot in view of the new ground(s) of rejection

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art shows different methods of assembling a grating assembly.
